

Traditional fishing boat, Viana Castelo, Portugal

The 9 European partners in **CHERISH** aim to protect and promote cultural heritage in fishing communities.

They will:

- Investigate and analyse the cultural heritage potential of fishing communities in Europe.
- Exchange experiences and good practices on promoting and protecting of cultural heritage.
- Learn about traditional ecological knowledge as part of cultural heritage.
- Improve regional policies with a focus on improving the potential of cultural heritage.
- Develop regional action plans to boost attractiveness for businesses, citizens and tourists.

**CHERISH** is an Interreg EUROPE project and runs from June 2018 until May 2023.
